The word version for Phase III would be great, I can't imagine they changed too much over the Phases. Thanks, this will be great for us to work off of...I need it for TAT too J

The START contractor did not prepare QAPPs for Phases I and II because the contractor had an overarching QAPP- they did prepare a Field Sampling Plan, though- I don't have it in Word (maybe could get it from them?) And I am sure we could get the word version of the QAPPs (there are several) for Phases III-V from ORD.

We are in the process of constructing the Wind River QAPP. Ayn chance you have a version of the Pavillion QAPP in word? I feel like I have asked before and it was only in a PDF version...
